February 2025 | Budapest

Key Initiatives and Programs

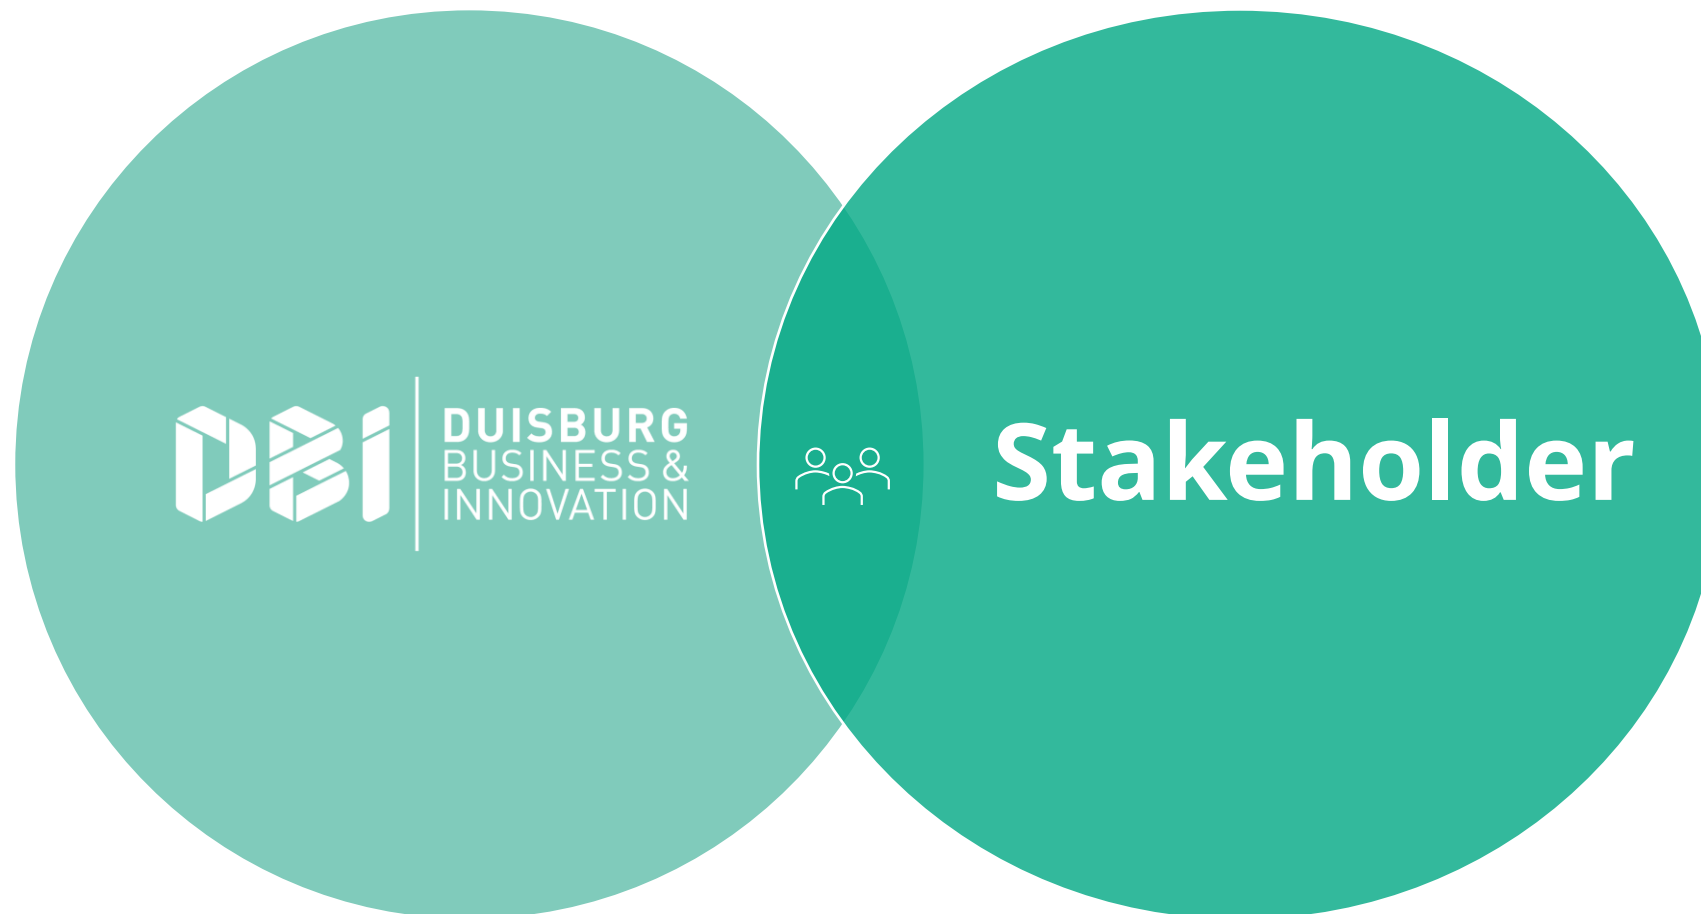

DU.zirkulär

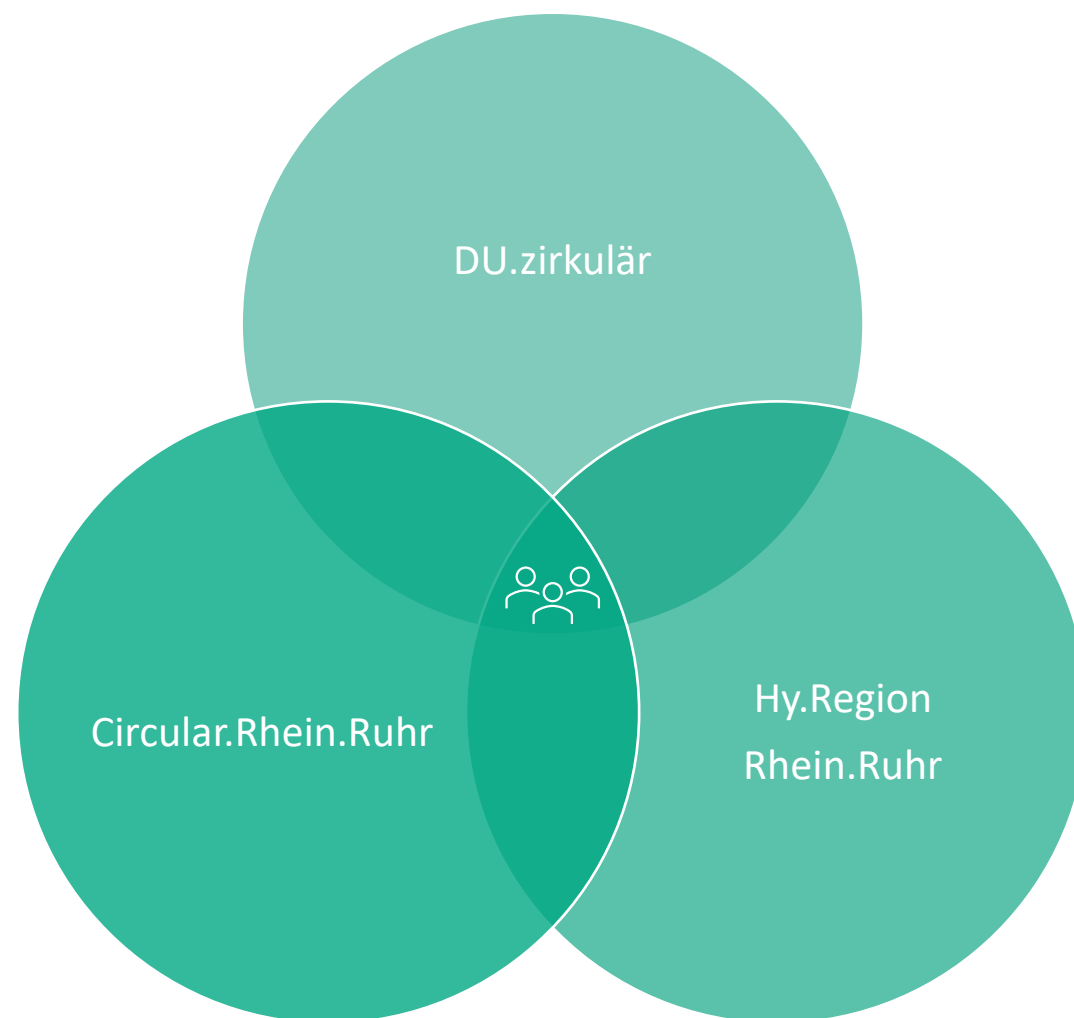

- ▶ DU.zirkulär transforms Duisburg's Ruhrort district into a model for circular cities
- ▶ The project integrates circular economy practices into daily life and optimizes resources in the construction and industrial sectors
- ▶ Starting in 2025, it will be part of DBI's Sustainable Projects.

Cross connections and beyond

Cluster Manager's Role

Cluster managers are crucial to ensure cooperation and drive sustainable growth through clusters!

Potential for Learning

- ▶ Taking ownership to ensure collaboration of all stakeholders as it is essential for project implementation
- ▶ Providing and keeping the overview of the cluster(s)
- ▶ Fostering integration of e.g. circular economy in business and daily life beyond own limits through collaboration
